PUBLIC SAFETY KEYBOARDS

TG3's rugged keyboards fit well into harsh environments. The 4-layer circuit boards protect against vibration in all types of vehicles.

The keyboards are IP65 Rated making them spill-resistant. The keyboards have an adjustable backlighting feature that adjusts up and down seven (7) shades.

3 Year Warranty

The keyboards have a three (3) year warranty with an option to buy an extended two (2) year warranty.

Key Field Options

The spill-resistant keyboards are offered in both rubber and keyswitch key fields.

Bluetooth Available

The keyboard comes with its own charging station. The dock is wired via USB while the keyboard is Bluetooth.
